READ THIS FIRST

Start here

Everything you need to paint a canvas or stitch straight from the chart is in this PDF. You don't need to print all of it: pick the pages below. Tap a page number to jump to it.

WHICH PAGES TO PRINT

Chart tap a name or number to jump	Color chart print or zoom in	Symbol chart black and white	Thread list DMC colors	True size 13 mesh, to trace	True size 18 mesh, to trace
Candy Cane Stripe Ornament	5	6	7	8	9

HOW ARE YOU USING IT?

- To paint a canvas: print the true-size page for your mesh at 100%, trace it onto the canvas, then paint, using the color chart to settle any unclear square.
- To stitch from the chart: print the color chart, or the symbol chart to save ink, plus the thread list.
- On a tablet: no printing needed. Zoom into the color chart; the bookmarks list every section.

CHOOSE YOUR MESH

- 13 mesh: larger stitches, quicker to finish; finished size 4.2" x 4.2".
- 18 mesh: finer detail, a smaller piece; finished size 3.0" x 3.0".

SUPPLIES

- Canvas: mono or interlock canvas in your mesh, cut 2" larger than the design on every side (the size is on the At a glance page).
- Thread: DMC six-strand floss in the colors on page 7. For tent stitch, separate the strands and stitch with 6 to 8 together on 13 mesh, 4 together on 18 mesh; add a strand if canvas shows through.
- Needle: a tapestry needle; #18 for 13 mesh, #20 or #22 for 18 mesh are the usual sizes.
- To paint: acrylic paints, small brushes, a fine waterproof marker made for needlepoint canvas, and a light box or a bright window.

PRINTING

- Print at 100% / Actual size, not "Fit to page". US Letter and A4 paper both work at 100%.
- Measure the 1-inch square on a true-size page before you trace.
- Colors on screen and paper are approximate: match threads against a DMC color card.

READING · PAINTING · STITCHING · FINISHING

How to use this chart

READING THE CHART

One square is one tent stitch over one canvas intersection. Heavy lines mark every 10 stitches and the red arrows mark the center. On the symbol chart, blank squares are the background color named in the key.

PAINT YOUR OWN CANVAS

1. Cut the canvas (see Canvas to cut on the design's At a glance page) and tape the edges.
2. Print the true-size page for your mesh at 100% and check that the 1-inch square measures 1 inch.
3. Tape the printout to a light box or a bright window, lay the canvas on top, center it, and trace the main outlines with a fine, waterproof marker made for needlepoint canvas.
4. Paint with acrylics thinned just enough to flow, matching the swatches in the thread list. Paint the threads and keep the holes clear; let each color dry before painting next to it.
5. Use the color chart to settle any square the tracing left unclear: count from the nearest 10-line.

STITCH STRAIGHT FROM THE CHART

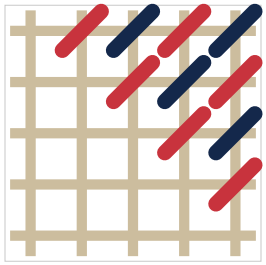

1. Fold the canvas in half both ways to find the center, and start there, following the red arrows on the chart.
2. Work large areas and the background in basketweave, which keeps the canvas square. Use continental for single lines and outlines.
3. Stitch the motif first and the background last.
4. Tick off each 10 x 10 block on your printout as you finish it.

FINISHING

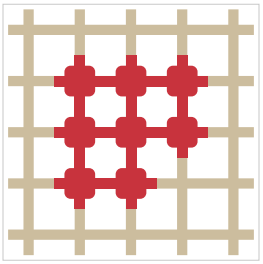

Leave 2" of bare canvas on every side. Many finishers like one or two extra rows of the background color around a round or shaped piece: ask yours before you start. Block the finished piece if it has pulled out of square.

One square = one tent stitch

Basketweave: diagonal rows

Paint the threads, not the holes

YOUR LICENSE

This chart is for your personal use. You may paint and stitch it for yourself and as gifts. Please do not share, copy or resell the file or the charts, sell canvases painted from them, or use them for mass production. Thank you for supporting a small shop: Buoys & Bobbins NDLPT.

ROUND ORNAMENT · AT A GLANCE

Candy Cane Stripe Ornament

Mesh	Stitches	Finished size	Metric	Canvas to cut
13 mesh	54 x 54	4.2" x 4.2"	10.6 x 10.6 cm	8.2" x 8.2"
18 mesh	54 x 54	3.0" x 3.0"	7.6 x 7.6 cm	7.0" x 7.0"

8 DMC colors, 2,292 stitches. Finished size is the stitched area; canvas to cut adds 2" on every side for taping, blocking and finishing. One chart square is one tent stitch. Confirm sizes with your finisher.

THREAD LIST

Candy Cane Stripe Ornament

	DMC	Color name	Stitches	Skeins 18 mesh*	Skeins 13 mesh*
	816	Garnet	112	1	1
	699	Green	46	1	1
	321	Red	383	1	1
	350	Coral - Medium	20	1	1
	702	Kelly Green	24	1	1
	3713	Salmon - Very Light	23	1	1
	B5200	Snow White	428	1	1
	890	Pistachio Green - Ultra Dark	1,256	1	3

* Estimates, rounded up, for DMC six-strand floss (8.7 yd skeins) in basketweave, allowing for 5 strands on 18 mesh, 8 strands on 13 mesh. Your tension, stitch and ply change the amount; buy one extra skein of the background color. Colors are approximate on screen and in print: check them against a DMC color card. DMC Pearl Cotton uses the same color numbers for the shades it is made in, if you prefer pearl cotton. Wool and silk brands are not listed because no reliable color match is available for them.
